**Subject:** PFOS and PFOA documents for FDA review  
**Attachments:** PFOA HA Draft 021216.docx; PFOA Post External Review 010816.docx; HESD PFOS 121715\_lgtg.docx; PFOS HA 02 26 2016.docx

**Importance:** High

Greetings,

Attached above are the internal review drafts of four document we have developed. I am sending them all in one email so you have them in one place. We sent three of these documents to you attached to a calendar invite for our call this morning. The final HA for PFOS is added here. The documents PFOA HA 021616 and PFOS HA 02 26 16 are approximately 80 pages and summarize the basis for the HAs. The more detailed Health Effects Support Documents (HESD) for PFOA (PFOA 010816) and PFOS (PFOS 121715) are also provided for the sake of completeness; these are much longer and complex documents.

These documents are still in review internally at EPA and may still change as a result of comments we receive. We are requesting that FDA focus on the dose-response sections of the HAs for PFOA and PFOS (section 6.0), including our selection of the critical study and the exposure scenario. We are requesting any comments you may have on that section or other sections of the documents by ¾.

Please call if you have questions. Many thanks, Betsy
